03. About me

I enjoy working in a team, I'm very creative and dynamic.

I'm quite shy but very sociable. I learn very quickly, whether it is a new language or skills. And I accept critics easily.

I'm also a well-organized person, professional and I can adapt to any situations.

I've been playing handball for more than 10 years at a competition level. I also sing and play guitar since I am a little girl.
